2025 PUBLIC SCHEDULE

Welcome to Maccauvlei Learning Academy's 2025 Course Schedule!

In a world that never stands still, growth is the one constant that drives both individuals and businesses forward. At Maccauvlei, we believe that investing in people is the most powerful way to build a future worth looking forward to. That's why we've designed our 2025 schedule to not just respond to the needs of today's workforce, but to anticipate the skills that will define tomorrow's leaders.

Our 2025 schedule is packed with programmes designed to meet the challenges of today's ever-evolving workforce. This year, we're particularly excited to expand our offerings with an enhanced range of specialist Microsoft programmes – tools that are no longer just "nice-to-haves" but essential for anyone looking to navigate an increasingly digital world. By adding these to our lineup, we're ensuring our learners are equipped with the practical skills that open doors to new opportunities in any sector.

We have additional new offerings that include QCTO aligned programmes. As more programmes gain QCTO approval, Maccauvlei will update our schedule and website. Stay tuned for updates!

What makes Maccauvlei stand apart? Our ability to shape learning experiences that are as unique as the people and organisations we work with. We know one-size-fits-all solutions won't always get you where you need to go. Our customisable in-house programmes are crafted to fit specific needs, allowing businesses to develop their teams in ways that directly align with their goals. This isn't just about training – it's about creating pathways that drive real, tangible progress.

For us, education is deeply personal. It's about watching learners transform, as they rise through the ranks, ready to tackle the challenges ahead. From early-career professionals to seasoned managers looking to sharpen their skills, our courses are more than stepping stones, they are profound milestones in achieving your professional dreams.
